Strategic Direction

The Strategic Plan serves as our chart, telling us how we will proceed to our destination and how we will know when we have arrived.

Guiding Principles of Planning
♦ Set a context for decision-making within the institution.

♦ Create a working document to guide institutional direction and decision-making.

♦ Present a meaningful document and create a living, dynamic plan that is successful to everyone associated with Mesabi Range Community & Technical College or interested in the achievement of its mission and goals.

♦ Increase efficiency, effectiveness and accountability to our stakeholders and ourselves.

♦ Draw on the collective intelligence of our surrounding community and Mesabi’s faculty and staff.

♦ Ensure plan carries meaning for all faculty and staff.

♦ Create a document that is specific and concrete in its actions as it allows us to expand our capacity as a learning organization.
Strategic Foundation: What Matters Most

We are:

♦ Learner Focused; Customer Service Oriented

♦ Leaders and Innovators in Technology and Learning Tools

♦ Focused on Integrity through Community and Environmental Stewardship

Getting to our destination does not require perfection; it simply requires a clear picture of where we’re going and a willingness to change course as often as it takes to get there.
