Course Title: Emergency Medical Responder (EMR)  
Submitted By: Laura Korpi

Semester Course Prefix and Number: EMSV 1658  
Approved By:  
Approval Date:  
Revision Date: February 2015

Number of Credits: 3  
Number of Lecture Credits: 2  
Number of Lab Credits: 1  
Number of Lab Hours: 2

Semester(s) Offered: All  
Class Size: 20

Catalog Description: The Emergency Medical Responder course educates participants to be a part of the nation's Emergency Medical System. The EMR course is designed to train volunteers and professionals to deal with trauma and medical emergencies in the field of emergency medicine. Emphasis includes assessing the scene and preventing further harm, performing patient assessments, following protocols for equipment use, and working within the established EMS system to access medical care. EMR Certification through the EMSRB requires the ability to lift and carry (with a partner) up to 225 lb., skill test competencies and 70% passing on the written final.

Prerequisites and/or recommended entry skills/knowledge:
Course Prerequisite(s): Age 16 when testing. Anyone with a felony record needs to have clearance to test and be certified through the EMSRB. CPR Certification is included within the course: AHA BLS Healthcare Provider.

Reading Prerequisite:
Composition Prerequisite:
Mathematics Prerequisite:

Career Programs and Transfer Majors Accessing this Course: Law Enforcement, Park & Wilderness, Physical Education, Athletic Training, Aviation and Fire and Rescue Service.

Minnesota Transfer Curriculum Goal(s) partially met by this course if applicable:
(Notes: No more than two goals may be met by any one course. AASC review and the Chief Academic Officer's approval are required.)
