Students who wish to repeat a course may do so. Students should discuss their intentions with an advisor. Both the old and new grades remain on the student’s transcript, but only the highest grade will be used to calculate the grade point average.

For Financial Aid purposes all repeated credits are included in the percent of completion and maximum time frame calculations. When repeating a course, students may receive financial aid for up to one repeat of a previously passed course. Students may also receive aid more than once when repeating a course where the previous grade earned was NC, F, FN, FW or W. In addition, a student may also repeat and receive financial aid for a course where a passing grade was earned but the grade was lower than what is considered acceptable in a particular curriculum/major.
